

IM•linea M

Universal Test & Measurement Automation Vision Sensors

- For automation and machine integration
- Camera with integrated optics and ring light
- Plug & play with free OptoViewer 2.0 software
- Robust, one cable, aluminum housing
- USB 3.1 with Sony IMX Pregius sensor
- Long WD, high contrast and resolution

Specification • USB 3.1

IM•linea M - USB Version

Integrated ring light (optional without ring light)
